

Mitre

FOOTBALL RANGE

2025/26

IT'S IN OUR DNA.

Without football, there is no us.

Mitre are at the heart of the game. Since our establishment in 1817, Mitre have continuously brought innovation and excellence to football, ensuring that every level, from grassroots to the professional elite, has a quality playing experience.

200+ years of doing this, and we're not done yet. We live for football. Our football.

REAL FOOTBALL.

PROUD PARTNERS

HYPERSEAL™

Hyperseal thermally bonded seams, ensuring no water absorption and consistent shape retention. Provides incredible durability and helps the ball sustain harsh play throughout the season.

HYPERFLOW™

Hyperflow grooves improve in-flight dynamics and reduce drag for pinpoint passing at every range. Helps increase ball velocity when flying through the air, providing incredible speed.

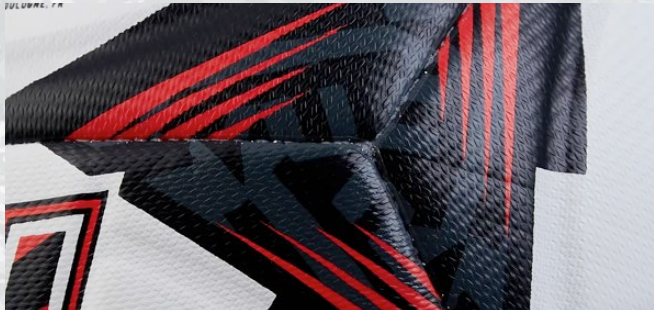

DELTA SKIN

Bespoke Mitre Delta Skin supports in play grip on the ball, throughout all weather conditions. Helps increase friction between player and ball, providing a more connected playing experience.

HYPERFOAM™

Hyperfoam mid-layer improves contact for a responsive feel and exceptional close control. Its elasticity helps provide incredible rebound for powerful strikes.

HYPERSEAM™

Bonded and stitched seams for almost zero water uptake, to last in all weather conditions. Increases durability, and shape retention for season-long play.

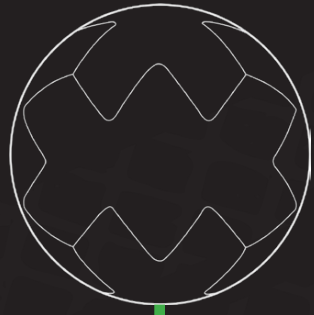

FIFA QUALITY

Mitre Footballs conform to rigorous testing standards, ensuring quality standards are met across our range. Our FIFA QUALITY APPROVED balls are built for use by the best of the best.
